

D. O. Mills has resigned his directorship in the Western Union.

Senator Angus Cameron was nominated for United States Senator on the fourth ballot in the Republican caucus at Maderson.

Senator Fair has been assigned to the Committees on Mines and Mining, Public Lands, and Railroads. Farley of California is Chairman of the first-named committee.

The Congressional Committee of the National Greenback party have issued an address to the people of the United States beginning with a remarkably vigorous and invidious statement of the wrongs perpetrated by the National Banks. The railroad and telegraph companies are also arraigned. They advise the formation of Greenback clubs, and predict a final triumph.

There is some comment on the fact that Senator Conkling has not yet put in an appearance at the White House. As he has not crossed its threshold for over four years, it is suggested that he may not know the way there. When Senator Blaine went to the White House with Garfield on inauguration day it was just three years and seven months since he had visited the Presidential mansion or held any communication with its occupants.

Another Ohio man has come to the front in the person of Judge James W. McDill, appointed by Governor Greer of Iowa to succeed Kirkwood in the Senate. McDill is just 47 years old, was born at Monroe, Ohio, and lived in that State until 1856, when he removed to Iowa, where he held several judicial positions, and was then elected to Congress, serving two terms, from 1873 to 1877. It is the general belief that Governor Greer wants to be elected United States Senator at the expiration of Kirkwood's term, and that he has appointed in his own interest.

**OPPOSED TO IT.**

If the feeling of the Philadelphia Board of Trade is to be accepted as the sentiment of the great State of Pennsylvania, there is but slight hope of Nevada's wishes with regard to the Reagan Bill being respected by Congress. In the Senate a few days ago Senator Cameron presented a memorial of the Philadelphia Board of Trade in favor of the appointment of a commission to prepare such legislation as is necessary to regulate interstate commerce in a manner which, without injustice to vested rights, will clearly define and protect the interests of produce shippers and transporters. The memorial reads as follows:

PHILADELPHIA, February 21, 1881.

To the Honorable the Senate and House of Representatives in Congress assembled:

The following memorial respectfully sheweth that the Philadelphia Board of Trade on February 21, instant, adopted the preamble and resolutions herewith set forth, namely:

Whereas House bill No. 4,748 (commonly known as the Reagan bill) proposes to regulate interstate commerce; and

Whereas in our opinion the aforesaid bill is very defective in its construction and calculated to work great injustice to a very large class of the citizens of the United States; and

Whereas we believe that Congress has power to enact such legislation as is necessary to regulate interstate commerce in a manner which, without injustice to vested rights, will clearly define and protect the rights of all transporters; therefore,

We earnestly pray your honorable body to appoint a commission, consisting of parties practically familiar with the interests of produce shippers and transporters, who shall be charged with the duty of preparing such a bill as will protect the interests of all and do no injustice to the vested rights of any; and that, pending the report of such commission, all legislation of the kind proposed, including House bill No. 4,758, shall be upon the table.

And your orators will ever pray, &c.

FRED. FRALBY, Vice President.  
Geo. L. Buzby, Secretary.

In the U. S. Senate on March 1st Senator Jones presented resolutions of the Legislature of Nevada, in favor of the passage of the Reagan bill prohibiting discrimination in fares and freights on interstate railroads; which was referred to the Committee on Commerce, and ordered to be printed in the Record. Mr. Jones also presented resolutions of the Legislature of Nevada, favoring an appropriation of \$50,000 for the erection of a building in Carson City for the use of United States offices; which were referred to the Committee on Public Buildings and Grounds.

Tombstone, Arizona, has had numbers of desperate characters there, and there is talk of vigilantes.

**LAW OF THE STATE OF NEVADA.**

**MINERS' WAR AT LEWIS.**

One Man Killed and Two Wounded—More Trouble Expected—Reinforcements Called for.

BATTLE MOUNTAIN, March 10.—The trouble between the Miners' Union and the non-Union men at Lewis came to a head yesterday. Before the Union was formed, at Lewis wages were cut from \$3 50 to \$3 and all the mines were shut down. On Monday fifty-seven miners petitioned the Miners' Union to allow them to go to work at the old rates, \$3 50, but no answer coming to the petition, Rothwell, Superintendent of the Starr & Grove mine, concluded to put men at work at the old rate, and at 2 p. m. yesterday thirty-five men started from the lower town for the mine. The Constable and two others went ahead as a committee, and were met in the canyon near the mine by the Miners' Union, who asked where they were going.

The answer was returned: "We have waited long enough for an answer to the petition and were now going to put on a force at \$3 50."

The Union men replied they could not go unless \$4 was paid, unless they were "better men than they were," and advised the miners to return to the lower town. The Constable had pistols shoved in his face and was told to leave and the miners all returned to town.

**THE SHOOTING.**

Afterwards Hannah, a Union man, and William Edwards, who had withdrawn from the Union, met in the mill. Hannah accused Edwards of being a traitor. Edwards said, "We might as well settle now," and pulled a pistol, but Hannah shot him twice. He cannot live. At the same time Beasley, a Union man, drew a pistol and used the same words to Edwards. Coyne, a non-Union man, took the side Edwards. Beasley fired five times. Coyne returned the fire, and during the fight both were shot.

Bothwell telegraphed to Deputy Sheriff Dunlap for help and arms, and at 8 o'clock last night a posse went to Lewis on a special engine. On arriving they found all quiet, and all returned this morning except Dunlap. The Miners' Union still hold the Starr and Grove mine, and are determined not to let any one go to work for less than \$4.

**THE PRESENT SITUATION.**

It is rumored that the Union men expect reinforcements soon, and the end of the trouble is not yet reached. Only twenty-one Union men refused to allow the miners to work for \$3 50, but these twenty-one are determined men. During the trouble no property was damaged or destroyed, but both mills and all the mines are shut down.

Hannah gave himself up and is in jail here.

John Dickenson, aged 35 years, residing at 25 1/2 Moffatt street, Brooklyn, and doing business at No. 229 Broadway, New York City, has lost his life through the inhalation of the vapor from the toy known as "serpent's eggs," of which he was the maker. These eggs, while burning and producing a serpent, have for a long time been considered by physicians as dangerous to use in a close room, on account of the noxious vapor arising therefrom. The retort cracked while Mr. Dixon was bending over it, and he inhaled the poisonous fumes. When he noticed this, he drove his wife and children quickly out of the basement, at the same time remarking that it was all over with him. A short time after he was seized with a choking cough, and in one of the spasms he died.

There are now about 450 persons at Aspen and many of them are engaged in house building, there being no less than 400 houses in course of erection. The sawmills have orders on hand sufficient to employ them until July 1st at \$50 per hundred. Among other enterprises which are soon to take shape are a bank, a newspaper, a theater and two hotels. Three smelters are reported to be on the road in. The distance between Aspen and Leadville is 75 miles, but this will be greatly reduced by a new road. Rents at Aspen are very high, a house 20 by 36 feet commanding \$100 per month.

**PACIFIC COAST ITEMS.**

The Colorado State Board of Insane Asylum Commissioners have met in Pueblo to make arrangements for the new buildings.

A Union Pacific train, a few days ago, ran into a band of antelope several miles east of Rock Springs and killed a number of them. The locomotive steps were broken off.

Three female convicts were baptized by immersion, recently, in the mill race of the town of Yakima, W. T. One of the young women has been in a dangerous condition since then.

Socorro (New Mexico) miners found a cave recently. It was glorious with alabaster-like stalactites, and vast shining vaults. While examining it they were attacked by a large cougar, which they killed.

Three-fourths of the horses in Portland, Or., are afflicted with the epizootic, a mild type, while throughout Eastern Oregon the disease has assumed a malignant form and many deaths have occurred.

During the past three months there have been sold in Jacksonville alone over 5,000 deer skins. Deer will average about 60 lbs so that within a few months the deer-slaying population have consumed 300,000 lbs of venison.

Some tall track-laying has been done by the two railroads in New Mexico. On March 1st and 2d the Atchison, Topeka and Santa Fe laid six miles and on March 3d over two miles of track. The Southern Pacific, on March 3d, put down 3300 feet.

The Bull Mountain company, of Sierra county, is working a large force. All its outstanding scrip was paid on the first instant. The mine is yielding as rich as ever in the course of its golden history. The February payment has been postponed till March 20th.

Some enterprising citizens of Olympia are about forming a company to purchase an artesian well-boring machine, the object being to find out whether there is salt, oil or coal in paying quantities. This enterprise has been thought of for some time, and the cost of machinery will not exceed \$1,200.

Two more big strikes of sand and bonanzas are reported at Pitkin, Colorado, and the excitement is increasing. A blanket vein of hard carbonates was found in the Terrible mine at a depth of 70 feet, assaying from 300 to 400 ounces. In the Iron Cap the owners have just found a body of carbonates, assaying \$40 in silver.

The wheat grown in New Mexico is sown in the spring time, commencing as early as February, and should all be in by the middle of March. With good cultivation the product will average thirty bushels per acre. The quality will compare favorably with the best varieties of Southern wheat. Corn is planted about the first week in April.

The Apache chief Es-Kim-Ziu has settled down on a farm in the lower San Pedro valley and gone into stock-raising and the cultivation of the soil. He has a herd of 150 cattle, a number of fine horses, a band of sheep, three two-horse wagons, and a cart and other agricultural implements, and gives employment to from twelve to fourteen Indians and Mexicans.

It is every year becoming more apparent that a large part of Northern California is adapted to the successful culture of the orange. Samples of choice fruit, grown by Caleb Carriger at Sonoma, have been received at the Bulletin office. The collection includes Mediterranean Sweet, Naval and Seedling fruit, that compares favorably with that grown at the South. A small branch, containing eighteen perfect specimens, was taken from a tree which this season has produced 1,800 marketable oranges.

TOWN AND COUNTY.

C. C. Stevenson was a passenger for the Day last night.

Chas. Knust is selling his stock of Fairchild's gold pens at cost.

The Amateur Quadrille Band party last night was an enjoyable affair.

Paymaster Laughton, of the V. & T. was in town yesterday, paying off.

Sheriff Matt Kyle came in from Eureka last night with one Vasquez, sentenced to the State prison for ten years, for attempted murder.

W. F. Berry has returned from his trip to Sierra Valley. Looks as though he had enjoyed it hugely.

The Reno Lumber Co., propose building an office 18x40 at the north end of their shed. Work starts to-day.

The Lightning train was an hour behind time yesterday morning detained by the snow plows on the Summit.

Mr. Knox has added to his list of insurance companies the Orient, of Hartford, and Shue and Leather of Boston.

McPherson Post, G. A. R., has disbanded. The boys honorably discharged all their debts and then themselves.

Theo. Winters and wife came up from California yesterday morning and will make their home in Washoe Valley for the remainder of the year.

Mr. Albert Ross always remembers the printers. We are indebted to him for a box of nice apples, brought in on his last trip from Long Valley.

Having leased the best dairy ranch on the Meadows, for the term of three years, I am prepared to fill all orders for milk on reasonable notice, and my cans and milk route, are not for sale. \$1 acres of land, government title, perpetual water, 1 1/4 miles East of the Court House, for sale. Apply to A. T. Rice

Improvements.

The Verdi Planing mill has been temporarily shut down for repairs. An addition will be put on, and some new machinery added. A box factory will be one of the features of the mill in the future.

Senator Sharon.

Senator Sharon was a passenger on last night's west-bound overland. To a JOURNAL reporter he stated that during his stay in Washington he had not heard of any successor to Supt. Crawford, of the Mint, or that Daggett was booked for a Consular appointment.

Burglary.

Between one and two o'clock yesterday morning a burglar went through a couple of rooms in the Coat's House and got away with two gold watches, three or four nuggets, five dollar gold piece, a Mexican dollar, and a few articles of trifling value. The men sleeping in the room heard the noise, but supposed it was made by some one who had a right to prow around.

Candelaria.

A friend just in from Candelaria gives us a poor account of affairs in that camp. He says that property has depreciated in value nearly seventy-five per cent. in the past six months, and that business has fallen off in nearly the same proportion. The Northern Belle Co. is about to be sued for \$600,000, the value of ore claimed to have been taken out of another mine by the Belle Co.

Trouble Near Battle Mountain.

A Battle Mountain dispatch of the 9th conveys the following account of an unfortunate affair out in that section: At 2 p. m. to-day thirty-five men started for the Starr and Grove mine to go to work. They were stopped on the way by the Miners' Union, who drove the Constable and the men back. Two of the Miners' Union men were shot and one of the other side was killed. Deputy Sheriff Dunlap and a posse of men have just left on an engine for the scene of the riot.

The Wounded Woman.

Mrs. Jones, who was so mysteriously shot night before last, is doing as well as could be expected under the circumstances. Dr. Dawson says that the bullet lodged under the shoulder blade, the force being sufficient to fracture the shoulder blade but not enough to send the ball through. Constable Avery gives it as his opinion that the shooting was accidental, and the fact that the 4-shooter carried by Mrs. Fass, Mrs. Jones' companion, was found to have two chambers empty, and a reasonable explanation given of how only one of them came to be discharged, strengthens the belief entertained by many that the shooting was entirely the result of accident.

New Postal Regulations.

The Postmasters in this State have just received an order making material changes in the classifications of matter sent through the mails.

Mailable matter of the first-class shall embrace all matter wholly or partially in writing, except as herein provided—Act March 3, 1879, Section 8, 20 Statute p. 358.

The exceptions are as follows:

1. Corrected proof-sheets and manuscript copy accompanying the same—Sec. 17, p. 359.

2. Date and name of the addressed and of the sender of circulars, and the correction of more typographical errors therein—Sec. 27, p. 360.

3. Bills, receipts and orders for subscriptions inclosed in second-class publications, provided such bills, receipts and orders shall be in such form as to convey no other information than the name, location and subscription price of the publication or publications to which they refer—Sec. 53, p. 361.

5. The name and address of the person to whom second-class matter may be sent, and index figure of a subscription book, and words or figures, or both, indicating the date on which the subscription in such matter will end. Sec. 22, p. 360.

4. Upon matter of the third-class, or upon the wrapper inclosing the same, the sender may write his own name or address, with the word "from" above and preceding the same, and in either case may make simple marks, intended to designate a word or passage of the text to which it is desired to call attention.

6. There may be placed upon the cover or blank leaves of any book, or of any printed matter of the third-class, a simple manuscript dedication or inscription which is confined to a simple address or consignment of such book or other printed matter, as a mark of respect, and must not contain anything that partakes of the nature of a personal correspondence.

7. Upon matter of the fourth-class the sender may write his own name and address preceded by the word "from" and also the number and name of article inclosed. He may also write upon or attach to any such articles, by tag or label, a mark or number, name or letter, for purpose of identification.

Murderous Desperado at Large in Lincoln County.

A letter from Pioche, under date of March 6, to a prominent gentleman of Eureka, gives the partial particulars of a desperate shooting scrape, which occurred at El Dorado, Lincoln county, in which two men were wounded, one slightly and the other fatally. The letter reads as follows:

El Dorado has just had an extensive boom. Three days ago Hank Parish and a man styled Nigger Clark were playing poker in Greenwood's saloon. The former was drunk and lost \$100. The loss incensed him and he pulled his pistol and shot Clark, wounding him, though not very seriously. Parish then opened fire on Greenwood and shot him in the stomach, inflicting a mortal wound. He then left. Shortly after the shooting Andy Fife, the Coroner, appeared on the scene, and was proceeding to take Greenwood's deposition, when Parish again put in an appearance with a pistol in each hand, and demanded that Fife take \$100 from Greenwood's pocket, which he (Parish) had lost, or he would kill both of them forthwith. Of course Fife was obliged to comply in order to save his life at the hands of such a desperado. Parish defies arrest, and says he will kill the first man who attempts to arrest him. At the latest accounts he was still at large.

To Ranchers and Gardeners.

Earthquake At Austin.

About 12 o'clock on Saturday night, says the Austin Reveille, of the 7th, a shock of earthquake was distinctly felt in this city. It was the most severe shock ever felt in this vicinity, we believe, since it was settled by white men. Doors and windows rattled and dishes set up a jingle, plastering fell from the walls and ceilings, and chickens on their roosts became alarmed; the cocks crew and the hens cackled. As it has been predicted that the world was to come to an end to-day, some thought the prophecy was about to be fulfilled and that this planet which has withstood shocks of earthquakes and suffered from spasms in her internal regions for thousands of years, was getting ready to give up the ghost and take her place among the dead planets of remote regions of the universe.
